CERTIFICATIONS THAT INSPIRE CONFIDENCE

The products in our collection carry a variety of environmental and quality certifications. Here's what they mean:

ecoecho®

To qualify as ecoecho®, a significant part of the product must live up to at least two of these environmental standards: resource efficiency, renewability, compostability or responsible sourcing.

OK COMPOST

The OK Compost Industrial and the OK Compost Home label, from the certification body TUV Austria, indicates that the product is suitable for composting. As the name suggests, OK Compost Industrial ensures the product is suitable for industrial composting and meets the European standard EN 13432. OK Compost HOME products can be put on the compost heap in your garden at home.

THE FOREST STEWARDSHIP COUNCIL® (FSC)

Ensures that the product is made of wood from forests managed in an environmentally appropriate, socially beneficial and economically viable manner.

NORDIC SWAN ECOLABEL

Identifies the best products on the market from an environmental point of view. For instance, it confirms our stearin candles consist of 90% renewable materials and minimise soot emissions.

THE RAL QUALITY MARK

Awarded by the European Quality Association for Candles. It guarantees the candle burns cleanly, contains no hazardous materials, retains its shape and is safe and reliable.

A photograph of a restaurant interior. In the center, a young woman with blonde hair, wearing a brown shirt and a dark apron, stands smiling. To her left, a man in a dark suit and a woman in a light-colored sweater are seated at a table with a red tablecloth, looking towards her. To her right, an older woman with white hair and glasses is seated at another table, holding a glass of wine. The background shows a bar area with hanging glasses and warm lighting. A framed poster on the wall reads "AFTERNOON BUBBLES".
